## INNOVATIVE DEFENCE TECHNOLOGIES

As one of Europe's leading suppliers of technology for ground forces, Rheinmetall Defence equips the world's armed forces with an extensive array of vehicle systems with optimised protection concepts, C-RAM-capable air defence, precise weapon systems and ammunition, network-enabled sensors and optronics, state-of-the-art infantry technology, and high-performance simulation and training systems. Our unrivalled ability to integrate individual components into system solutions makes Rheinmetall Defence a powerful partner—for naval and air force applications, too.
